GREY RADIO RISKS

SERIAL NUMBER TAMPERING

If your radio does not have an original serial number, you don't know its country of origin, if it is optimally configured for use and even if it is genuine.

COMPROMISED SAFETY AND PERFORMANCE

Radios sold via unauthorised channels forgo the rigorous checks and balances we've put in place to ensure their safe operation under local conditions.

NO ACCESS TO OUR SMART RADIO APPS

Missing out on our safety and business smart radio apps devalues your radios and limits your capabilities (your radio can do much more than voice!).

ABSOLUTELY NO LOCAL SERVICE OR SUPPORT

We do not provide service or support for radios bought via unauthorised channels.¹

INTERNATIONAL WARRANTY ISSUES

Your radio warranty is only valid in its country of origin and may be void if your serial number has been tampered with. International warranty claims are also at your own expense.
